“ Hey Teya this your brother Tony, just letting you know I miss you so much and I wish I was able to attend the service, but I was in the hospital with pneumonia. But I know you were there holding my hand and you got me through it, I know now that you are in a better place and at peace. I also know that you are up there being a soldier for God and you and Dad your sister and everyone else from the Bazemore, Staton, Long ang Gregory family is surrounding you with hugs and kisses and all smiles. Sis I will never forget the times and the talks we had and you lifting me up, we are way said together forever and even though you're not here with me in the physical I know your here with me in the spiritual. I'm on because you're not here but I am at peace because I know you are where you want to be and you have finally found peace and I know Teon and your two girls we'll keep your name living on because I am going to do the same until you and I are back reunited so I will say this like we used to say ("Wonder twin powers activate!") I love you and your two nieces love you and your nephew and we will see you again.
